

PREPAY AND SAVE

Exterior Barrier Spray Plus - OPTION #1 ***Includes Wasps and Hornets***

In addition to your semi-annual homeowners plan this program offers added protection. **Two** timely barrier spray treatments using truck-mounted power equipment provide a season-long guarantee for stink bugs, earwigs, clover mites and boxelder bugs. These applications are very successful in **reducing** the populations of migrating insects such as ants, spiders, millipedes and sowbugs. In addition, we will also spray your home for wasps and hornets to prevent these dangerous pests from nesting on your home all season long. The goal of this “ultimate protection” plan is to stop insects as well as wasps and hornets **before** they enter or nest on your home. You don’t have to be home for service as long as we can gain access to the perimeter of the home.

	<u>Prepaid Price</u>	<u>Regular Price</u>
Homes up to 2,500Sq Ft	\$260.00	\$345.00
Homes 2,500 to 4,000Sq Ft	\$380.00	\$565.00
Homes over 4,000Sq Ft	\$500.00	\$785.00

Exterior Barrier Spray - OPTION #2 **Exterior barrier spray ONLY***
